

Urge the Vermont Legislature to
MOVE on Bill 182

There is a bill in the Vermont Statehouse that addresses our need for **health choice freedom**.

We are making a **MAJOR PUSH** this spring to encourage its movement towards becoming a law.

House Bill 182: *“This bill proposes to recognize and to prohibit any interference with an individual’s rights to bodily autonomy, to make the individual’s own health care decisions, and to be free to accept or refuse any health or medical intervention, testing, treatment, or vaccine based on the individual’s own religious, conscientious, or personal beliefs.”*
